

**GOVERNMENT OF TRIPURA  
REVENUE DEPARTMENT  
(DIRECTORATE OF LAND RECORDS & SETTLEMENT)**

No. F. 4(473)-DSL/R/2016/I/312-16

Dated, Agartala,  
The 5<sup>th</sup> January 2017.

**NOTIFICATION**

Different RoRs of mouja Badharghat under Sadar Sub-Division, West Tripura prepared in different Scale of measurement viz. some RoRs are of the denominations of 32"=1 mile and some RoRs are of 64"=1 mile. Different scales were used considering sizes of plots of the land, such as market, paddy land, garden, urban area etc.

After introduction of CLR project, it is seen that the software does not accept different scale of maps in same mouja. Besides, to facilitate the field level work, CLR operation for mutation of land and incorporation of new plots in the map sheets, it is necessary to keep measuring scale in all the maps and khatians of same mouja in symmetrical position.

In view of the above, it has been decided that the measuring scale of all maps and khatians of Badharghat mouja shall be converted into 64"=1 mile in the interest of work.

This Notification shall come into force with immediate effect.

(Sankar Chakraborty)  
Deputy Secretary, Revenue,  
Government of Tripura.

Copy to:-
